

Implementing our school vision and values, always remembering that, 'Together we Shine.'

Being confident in making our opinions and ideas about ourselves, our learning and our school heard.

To make everyone feel included and respected in the life of our school and make sure all voices are valued and heard.

Exploring and sharing our feelings (with others we feel comfortable with), thinking about triggers and how we can change the way we feel.

In 2023-24 we are working together to improve our school, by...

Taking part in school clubs and take leadership opportunities when possible.

To work in partnership with teachers to help improve learning & teaching.

To take part in and help develop Outdoor Learning.

Using Google Classroom in school and at home to do our homework, connect with out class and share what is going on with our families.
